Summary

Motivated B.Tech Computer Science student specializing in Artificial Intelligence and Machine Learning, seeking an entry-level opportunity to apply my skills in Python, data analysis, and machine learning algorithms to develop innovative and real-world AI solutions while continuously enhancing my technical expertise.

Skills

- **Languages:** Python, C++, JavaScript, CSS, HTML
- **Frameworks:** React.js, Node.js, TailwindCSS
- **Tools & Platforms:** MS Power BI, Git
- **Other:** REST API, Google Analytics, Excel
- **AI & ML**

Internship

Cognifyz Technologies

Front End Developer

Pune

05/2025 – 06/2025

- Developed responsive web interfaces using HTML, CSS, and JavaScript, improving user experience across devices.
- Optimized front-end components with interactive design, enhancing site performance and navigation.

Education

D.Y Patil International University

Bachelor of Technology – Artificial Intelligence and Machine Learning (AIML) | CGPA: 7.64

Pune

06/2023 – 05/2027

App. Zagdu Daryad Indrayav Junior College

Higher School Education – Science | MSBSHSE | Percentage: 80.83%

Nandurbar

2023

Podar International School

Secondary School Education | CBSE | Percentage: 92.40%

Nandurbar

2021

Certifications

- SQL and Relational Databases 101 – *Cognitive Class*
- Front End Development Full Course – *Great Learning*
- Python Full Course – *Simplilearn*
- Full Stack Web Development – *Learnoverse*
- Augmented Generation (RAG) with Embeddings & Vectors – *Coursera*
- AI Engineer for Data Scientists Associate – *Datacamp*

Projects

Air Doodle | Link

04/2026

- Built a real-time hand gesture drawing app using OpenCV and webcam.
- Implemented motion tracking for smooth and accurate digital strokes.

Mario (Gesture Game) | Link

03/2026

- Developed a gesture-controlled Mario game using MediaPipe and OpenCV.
- Mapped hand gestures to real-time game actions (jump, move).

Hand Gesture Detector | Link

02/2026

- Designed a system to detect 21 hand landmarks using computer vision.
- Recognized gestures like pinch and open palm for real-time interaction.

Particle Sculptor | Link

01/2026

- Created an AR app to control particle effects using hand gestures.
- Implemented dynamic animations like explosion and particle motion.

Portfolio Website | Link

12/2025

- Created a responsive portfolio with HTML, CSS & JavaScript to highlight work and skills.
- Designed interactive UI and smooth navigation for improved usability.

Foodiz – Food Delivery Website | Link

12/2024

- Built a responsive food ordering web application with menu browsing.
- Designed user-friendly interface for smooth navigation.

Strengths

- Strong foundation in web technologies and programming languages.
- Quick learner with a passion for problem-solving.
- Effective team player with leadership experience in project settings.
